Dear Jim:

It was great talking to you last night. It is incredible that after talking to you things always seem to be in a much better perspective. Today should be an interesting day for Philip with both you and JEF.

I finished typing the 18 million year ago tape except for the aspects of God, which we discussed on the next tape too. I'll type those together so we can have it all in one place. After rereading the 18 million year ago tape, I have questions as usual - so here goes.

1. p.4: You speak of 10,000 year life spans long ago. Life spans got shorter and shorter - are now becoming longer. a) What is the purpose of disease? b) Are some diseases for the purpose of teaching? c) Do different diseases have different purposes? d) You once mentioned karma and disease. Please go into this. e) Does disease ever serve the purpose of speedy return? More incarnating in order to learn different things?
2. Tell me about the crystal skull. And crystals in general. I understand that you found one here on the floor at the Ramada.
3. p. 13: Did you check with Cleora about the zodiac sign of the Clarion souls? What about the rest of them?
4. p. 14: Which group do you feel is more active now?
5. What are the other 11 planets that souls came from? Their zodiac signs?

6. p. 15: Great spiritual beings - masters - came here long, long ago to serve as a heirarchy board for Earth. Are these souls like the Archangel Michael? Would you please name them - tell me as much as you know about them, etc. Which one came from Sirius? Where did the others come from?
7. What is the difference between an angel and an archangel?
8. Tell me about the Bermuda Triangle. What causes the strange phenomena? Are there other places like that on Earth.
9. p. 20: You mentioned that one of the times I walked the straight and narrow was with you during the time of Jesus. You were the apostle John. At one point you said that I never really knew Jesus. Were you the living saint that I attached myself to at that point? If not you, who?
10. p. 27: Burning off karma through meditation, straight and narrow, prayer, trying to balance. Can you burn off karma through prayer alone? Are there better ways to pray than others?
11. p. 28: The difference between universal information and the akosic records. When you get universal information are you travelling in your soul body? Your guides are telling you this or who? Can you name your guides - you seem to have a whole bunch of them, or at least a whole bunch that come to you for certain purposes.
12. ^{p. 28} The akosic records are a whole different thing. What level are the akosic records on? Or are they on all levels - emotional, mental and spiritual? Do you use your astral body to read them? Or what body? Do they, the akosic records, show up in a person's aura? Try to describe them for me please.

13. p. 29: Birth in the astral on the downward spiral - souls create astrally or emotionally. Is this just like a soul creating mentally - I realize the answer to that is "no" but I guess what I mean is describe emotional creation. Is it partially physical, like holding hands or something? (I guess it's quite obvious that I know not of what I speak.) Oh well.

In the beginning of the letter, I forgot to mention how interesting our church service was last night. Having that passage from John 1: 1-18 read for the only time in the year was wonderfully awe-full. And then the part about karma on top of that. I have been rereading that chapter this morning and came across the part where John the Baptist quotes Isaiah, "I am the voice of one calling in the desert, 'Make straight the way for the Lord.'" Were you also John the Baptist? I realize that I am treading on some pretty personal stuff here - there are a lot of questions that I've asked in the past and now that you tend to hedge on. So if you still want to hedge, it's o.k. I love you and thank you for all your help and patient support.

Much love,
Kaye

P.S. Just finished talking briefly to you. Thank you for everything. You can find the B.C. Aristides in a book by Plutarch: The Rise and Fall of Athens. The A.D. Aristides will be found in The Oxford Dictionary of the Christian Church by Cross. Under Aristides and also under the Apologists. This latter book is the best source I have found on many of the lives you have given us. One of the best things about it is that at the end of each article it gives references so if one cares to go further, it tells them where to go. The Vicar suggested a
